

8th February 2015

Copy of Chesla Farms Facebook status dated 8th February 2015

Good evening to all.

I have had a lot of inquiries from Boarder's regarding bringing in outside Instructors. We are happy to have outside instructors use our facility to help our boarder's improve their riding and relationship with their horse. That being said, all instructors must meet our Insurance requirements to teach here.

Requirements for all Instructors using the Chesla Farms facility.

1 A copy of Instructors Certifications or teaching certificate must be emailed or a hard copy must be dropped off at Chesla Farms for record.

2 All instructors must carry Instructors insurance. A copy of the certificate must be emailed or a hard copy given to Chesla Farms for record.

3 All instructors and students must sign and agree with all Chesla Farm Waivers and liability release forms

Please know this is a requirement of our insurance company.

All certified instructors are familiar with these policies and have both documents readily available.

Each instructor must pay an \$25 area charge like all drop ins at our facility. If an instructor has more than 4 students at a time rates will be reduced.

If private arena rental is required instructors or student must request private time to be posted on Chesla farms page to ensure all boarders are aware of an activity being held in the arena.

Our first concern is to ensure optimum time to ride for all our boarders.

We only allocate so much time for lessons each week as most riders want to ride on the weekend or in the evening.

These rules must be strictly adhered to.

No lesson can take place until these requirements have been met.

Rules will be strictly enforced

Walter and Debbie Chesla
